Supporting Responders

Pound Ridge Fire Dept

Justin Brent, EMT

Pound Ridge Police Dept

Tammy Caulkins, EMT

Chief David Ryan, EMT

October 15, 2009

Dear Pound Ridge Neighbors and Friends,

Do you know what really happens when you request help from 911?

Twenty three of your neighbors receive loud tones from radios in their homes or on their desks. Three or more of them, as needed, will stop whatever they are doing – or get up out of bed – and race to respond to your call for help. These men and women are just like you: they are moms and dads, lawyers and investors, contractors, teachers and artists – and they are willing to put your needs first, twenty-four hours a day.

The PRVAC also provides many non-emergency services, such as CPR and blood pressure clinics, educational programs for adults and children, and readiness response for mass critical incidents. We help make our community a better and safer place to live.

Your Pound Ridge Ambulance Corps is all volunteer. We receive no funding from federal, state or local taxes, nor do we receive monies from the local Police or Fire Departments. We depend on **your** donations for equipment, insurance, training and the maintenance of our ambulances.

Our fund raising goal for this year is \$75,000 toward our operating expenses. We appreciate your support – and count on it to be able to continue to help you!

Sincerely,

Marty Kremer
President
